Security courses - CBET based programs

Background information on ICSSP-K

The INSTITUTE OF CERTIFIED SAFETY AND SECURITY PROFESSIONALS OF KENYA (ICSSPK) is an independent body, making representation for security professionals and security training programs, for purposes of professional career development in Kenya.

ICSSPK membership provides industry-recognized certification for an individual's cumulative industry experience and academic qualifications, giving prospective employers the assurance of the competency and skills of their security and crisis management experts.

As an independent organization, the Institute provides unbiased accreditation for training courses around the region, ensuring that individuals receive the highest quality of education and training.

Members of the Institute's Board of Advisors are experienced security and crisis management professionals from around the world, ensuring global views and practices are equally represented.

The Institute is dedicated to promoting the role of security and crisis management professionals, and as such will continue to advocate for our members through lobbying efforts with governments, industry bodies and human resource professionals to improve recognition of our members' services and qualities.

ICSSPK RELATIONSHIP WITH CHRM

CHRM has undergone full vetting and accreditation by ICSSP. Having met all the requirements and standards set by ICSSPK, CHRM is an approved training centre for security courses run on CBET model.

Examination Body

ICSSPK in partnership with the College of Human Resource Management will carry out internal assessments and administer internal examinations. External assessment will be carried out TVET-CDACC. Students will be posted for Industrial attachment by ICSSPK, CHRM and TVET-CDACC for hands on experience and assessment done jointly by all the parties for quality purposes.

Mode of Delivery / Infrastructure

Classwork, practicals and industrial attachment are all mandatory aspects of the program. Successful completion of the program will be based on completion of all three aspects.

CHRM's Administration of the Program

CHRM has been accredited by ICSSPK to roll out the programs. ICSSPK will continue to offer support services to ensure the rollout is successful.

Target Group

- a, Fresh High School Graduates with career options in, Security Management Professionals, Security Team Supervisors, Security Officers, VIP Protection, Investigators, Critical Infrastructure Protection, Security Guarding, Specialized Escort Teams, Disaster Management Specialists.
- b, Security Industry Professionals wishing to grow their skills.

Faculty

The Trainers and Assessors of these Security courses -CBET Based Programs have been vetted by ICSSPK based on both TVETA and Security Industry requirements, and found to possess extensive skill, academic qualification and experience in the Security industry. They have further been accredited by ICSSPK and registered with TVET Authority as trainers/assessors.
